REPORT

STORIES
FROM THE
FIELD

TAKING THE GOSPEL WHERE IT HAS NEVER BEEN.

New Covenant Mission's vision is to end the injustice of people dying without having an opportunity to hear about salvation through Jesus Christ. From coast to coast across Africa exists a "line in the sand". Also known as "the tension belt", this "line" is where terrorism, poverty, witchcraft, and corruption are destroying lives every day. This is the "frontline" where New Covenant has been called to spread the love of Jesus.

Our mission, is to strategically equip, train and send indigenous African church planters & missionaries to the most unreached places of their nations with an ambition to create locally sustained, kingdom focused, communities of Jesus followers in all of the nations of the "tension belt" and then into North Africa. Currently we are working in 27 nations among 293 unreached people groups! All of the work on the ground is led by highly educated & experienced indigenous African leaders. On average 119 people are choosing to follow Jesus every day after a transformative encounter with NCM workers.

OUR HOLY AMBITIONS

✦ To establish a self sustained evangelical church in every village that doesn't have one.

✦ To fulfill the Great Commission (Matthew 28:18-20) in every community we work in.

✦ To empower emerging leaders and see the multiplication of disciples among every generation.

Invest into the depths of the "Tension Belt" of Africa where no one else will go. We empower local leaders to achieve their calling and goals, relating to their culture in a way that is sustainable and relevant.

REDEMPTION ON THE MOVE...

ROMANS 8:28

“And we know that in all things God works for the good of those who love him, who have been called according to his purpose.”

In January I had the opportunity to visit one of our church planters, Fekadu, in Ethiopia. He was so excited to show me his three new church plants in the unreached rift valley area and I too was excited to see what God was doing in the region. After receiving the customary “free African massage” (driving on bumpy roads through the bush), we arrived at a humble church building with a mosque located on what appeared to be the same property. I was confused.

Fekadu shared with me that the government gave him the whole plot of land to build a church on, but once he did, some of the local people complained that they wanted a mosque instead. The government then took half the land back from Fekadu and gave it to the Islamic leaders to build a mosque, which they did quite quickly.

Shortly after being built the Imam of the mosque began to have dreams of a “man in white” who then identified himself as Jesus. The Imam didn’t know what to do about these dreams, so he went next door and talked with Fekadu about it which led to the Imam’s salvation! Now the mosque sits empty as it has no leader.

This is just one example of what God is doing throughout Africa to make sure that everyone has an opportunity to know Jesus!

Thanks to the work of the Holy Spirit and your faithful support, 2023 was the most incredible year that New Covenant Missions has ever seen. The stories throughout this book are real testimonies from our 500+ field workers who were blessed to see 43,570 decisions for Christ last year as they shared the Gospel with 450,573 unreached people. As you read through, please be sure to take time to pray for our workers as they face incredible spiritual warfare daily. Thank you so much for being a part of the NCM family.

Erik Laursen

Daniel, 24, faced tough times from a young age—losing his mom at 6 and ending up on the streets at 8 due to problems with his dad. Addiction became a struggle. But after sharing the Gospel, Daniel turned his life over to Christ. Miraculously, he's now free from addiction, living a fresh start in Christ. Praise God for this amazing turnaround in Daniel's life. **NCM Field Staff Geberemehden Fikadu**

The community in Dukusu, expressed their thanks for the love that NCM has shown them. It has opened the hearts of the community leaders, and they have decided to give us a plot of land to build a church in the Garre Somali region. We have had wonderful opportunities to talk about Christ with them. **NCM Field Staff Abdinur**

We face a pressing challenge: famine has led to the loss of many lives among us. Please join us in prayer for food provision during this difficult time. **NCM Field Staff Peteros & Teka**

Young people are being filled with the Holy Spirit, are serving others, and people are being freed from the bondage of evil through their prayers. During these past three months, many people were sick with malaria; by coordinating with other believers we have been praying and supporting these people.
NCM Field Staff Mulugeta

I am still praising God for His intervention and help in the terrible time of war. The trauma, the sound of heavy artillery and people's cries, was really unthinkable. Thank you for your prayers and support in this difficult season. **NCM Field Staff Lydia**

Due to the civil war, our ability to carry out mission work beyond Axum is temporarily restricted. However, within Axum, we continue to engage in various ministries. Our activities include mission work, teaching and mentoring five new believers, providing discipleship training, leading the local church, and highlighting the importance of the gospel. Despite the limitations imposed by the conflict, we remain committed to fulfilling our kingdom work within the Axum community. **NCM Field Staff Alexander Asfaw & Goitom Tadesse**

There used to be a lot of witchcraft in the area. But now people are starting to understand who Jesus Christ is and some are accepting Him as their Savior and are living transformed lives. Eight of our disciples are showing wonderful growth spiritually. They are sharing the Gospel, praying, and are good examples to others in their community. **NCM Field Staff Legese**

I share the good news with the community while offering transportation services. Many women willingly listen to the message as they hear the songs played in my Bajaj. Encounters with Sheikhs, who are predominantly Quran teachers, are frequent. When I offer rides, they often attempt to sway me, promising material rewards like money and a wife if I convert to Islam. However, my rejection of their offers often leaves them frustrated and angry. Yet, I remain hopeful that my unwavering faith will eventually lead to positive transformations in their hearts. **NCM Field Staff Aristotle**

Training of 40 Ethiopian Orthodox Priests in Northern Ethiopia

BIBLE TRANSLATION TRAINING

A meeting was held for the Ganza Bible translation project. Everyone agreed on the plan, with Assosa KHC leading the team. The church will choose someone fluent in Oromifa and familiar with Ganza to coordinate the project from Tongo. Wycliffe Ethiopia will train and hire translators, overseeing all translation work. New Covenant Missions Ethiopia will pay the coordinator's salary. Translators will work three days a week on translation and four days on missions, Thursday to Sunday. The project started on December 1st, 2023

EVASUE VISION TRIP

The Evangelical Students' and Graduates' Union of Ethiopia (EvaSUE) is a longstanding organization dedicated to serving students in higher education institutions and graduates. Established in 1963, EvaSUE has grown to encompass 176 campus fellowships, serving over 50,000 students with 105 staff workers across the country. The organization is committed to discipleship, leadership, on-campus, and off-campus evangelism.

Core Purpose: *EvaSUE's core purpose is to advance the Kingdom of God by reaching and equipping students to influence their campuses, nation, and the world. They aim to achieve this by focusing on students, expressing their purpose through social transformation, and serving others.*

Main Activities: *Throughout the reporting period, EvaSUE conducted various activities including national staff meetings, Bible studies, mission summits, leadership summits, servant leadership classes, and staff retreats. Notably, a national mission trip to South Omo resulted in over 200 people hearing the Gospel and 43 individuals accepting Christ. Additionally, EvaSUE engaged in equipping vision trip participants, mobilizing churches, addressing issues related to evangelism, and discipleship.*

Observations and Recommendations: *During their vision trip, EvaSUE observed challenges such as poor living conditions, limited education, economic opportunities, cultural ties, resistance to change, and alcohol/substance abuse among pastoral communities. They recommend long-term spiritual guidance, focusing on children for greater impact, and collaboration with existing churches to effectively address spiritual needs.*

Conclusion: *EvaSUE concludes by expressing gratitude for the opportunities to serve, the support received, and the transformations witnessed among participants. Testimonies from participants reflect a deep commitment to missions and discipleship, with individuals expressing changed perspectives and dedicating themselves to serving in unreached areas. Overall, EvaSUE's activities reflect a dedication to its core purpose of advancing the Kingdom of God through holistic ministry among students and graduates in Ethiopia.*

During our recent visit, the Chief of the Kaderio people raised his hands in gratitude to God, expressing, "I'm thankful to God that you have come to our village; we thought we had been forgotten. It's unjust that some have weekly access to God's word while others do not. Our prayers are limited to once a year, at Christmas, and not all can attend due to distance. Thank you for reaching out to us. With our own church now nearby, everyone in the village has the opportunity to hear God's word." An elderly woman added, "We've carried our burdens alone for so long, but now you've introduced us to Jesus. We will entrust our burdens to Him." NCM Field Staff Isiah, Charles

Many people are giving their lives to Christ. The home churches are functioning well and the new believers are telling others in their community about Jesus. **NCM Field Staff Gabriel**

Some new believers told us that they used to practice idol worship and they had no peace. "We did not know that God is merciful". They did not know that there is forgiveness and they can have joy from surrendering their lives to Jesus Christ. **NCM Field Staff Salah, Nathan**

Upon hearing the sounds of our worship from her home, a grandmother swiftly brought her grandchild to our gathering. With urgency, she requested our prayers and the dedication of the child to the Lord. She revealed that this was her daughter's third child, the previous two having tragically passed away. Despite her grief, she brought the child to the house of the Lord in faith. A month later, we followed up with the Church Planter working in their area, who confirmed that the child was healthy and that the entire family had embraced Christ, surrendering their lives to Him.

James Peter, 20 years old, was touched by the preaching of the church planter. The planters had asked this question, "if Jesus comes right now, where will He find you?". James immediately thought about his life's purpose and decided to surrender his life to Jesus Christ.

Sylvester Kiroho, 60 years old, thanked God for NCM and for the audio Bible. Ms. Keyuwo has learned about forgiveness and has asked people to forgive her. She told us she used to have a lot of anger in her heart but after receiving Christ and reading the Bible, she has learned to forgive. Juma Poruwa says that the house church fellowships have helped him grow spiritually He is learning more about the Bible and how to pray. The people in the village we visited are excited about the gospel and they encouraged us to go ahead with the work. **NCM Field Staff Isiah, Charles**

Many people are sharing testimonies about the power of the word of God. They say that they have been reading the Bible without understanding, but now even at home they can read for themselves and understand the meaning behind the words. During our 5:00 pm to 6:30 pm Bible study sessions, some people begin gathering as early as 4:00 pm. **NCM Field Staff Wilson, Martin**

In Damakiri the people warmly welcomed us and 19 people gave their lives to Christ in this village. They urged us to visit them every week so we decided to establish a house church in the area. James Dor is the village leader of Kilawal. He and his household surrendered their lives to Christ. He shared that there is now peace in their home and thanks God that we came to his village to share the Gospel.

Jerige Kori shared his testimony, revealing that upon hearing the Word of God preached from the book of Revelation, he had a profound revelation of who Jesus Christ truly is. This experience led him to surrender his life to Christ. He now bears witness to a remarkable transformation, recognizing that nothing in the world holds greater importance than Jesus. We hosted a youth conference at the church we established in Lokuyon. Numerous young people came together to engage with the Word of God. In the evening, we screened the Jesus film, leading to ten youths making the decision to accept Jesus Christ as their Savior. **NCM Field Staff Ogwang**

We started a school in the Mening community where education is needed. We named it 'Hope for the Mening'. Please pray with us for our school. We need help with school supplies to run it well and improve education. With more time for teaching, we can guide the children and their parents in the ways of the Lord. This will bring positive changes to the community through God's word and education. **NCM Field Staff Ogwang**

I thank God for the growth of the Christians in Geremach. Every time I go to visit them, I can see what God is doing in their lives. They even started sharing the gospel with other people in their village. **NCM Field Staff Simon**

Hope for the Mening School

As we went from one home to another, spreading the Gospel, we witnessed a significant response. This month, a total of seventeen people committed their lives to Christ. Our discipleship training has already begun as a result. Mr. Ilukor, residing in Kakochil village, sought my prayers for his sick child. We celebrate the child's complete recovery and the profound impact it had, leading seven individuals to accept Christ upon witnessing God's healing power. Today, Mr. Ilukor stands as one of our dedicated volunteers. **NCM Field Staff David**

I thank God for giving us the opportunity to reach Loperu village. The road leading to this village passes through the Kawalokol hills which is a hotspot for the activities of the Karamojong raiders and warriors. This has always made it very challenging to reach out to these people with the gospel. We set off early morning on foot. We had some resistance from the witch doctors who didn't want us to preach in the village, but later the village chief intervened and permitted us to go home to home and share the Gospel. We preached to 25 people and 6 of them accepted Christ as Lord and Savior. We thank the Lord for these new believers. We also successfully reached out to Matenyeng village. The people in this village are known to be very violent and primitive. For the past two months I have been negotiating with their village chief to grant us the opportunity to preach and we praise God we were able to share the Gospel. We preached from home to home and 15 people gave their lives to Christ. The people were very welcoming and they asked us to visit them again. We hope to plant a new church next month!

NCM Field Staff David

Mzee Alado embraced Jesus Christ as his Savior, despite his brothers and wife rejecting the Gospel and mistreating him. Despite the challenges, Mzee persevered in his faith and shared the message of Jesus with his grandchildren. Today, all his grandchildren have also accepted Christ and gather together for fellowship in their home. We praise God for the transformation brought about by the Gospel in their lives.

'I am 98 years old now and I have never heard about the Gospel. We have been believing in the gods of the rivers all our lives. When the team from NCM came to our village and shared the good news of the Gospel, we slowly began to understand about Jesus Christ' said **Mzee Onesmus**.

We organized a new believers conference with the theme *New Creation in Christ*. Over 600 believers in total from the new churches we have been planting, gathered together in the main official church at Lokuyon over a period of five days and 25 people gave their lives to Christ during the conference and were also baptized. We thank God for this opportunity to serve. **NCM Field Staff Ogwang**

Ainea Hamad shared with us that he had never laid eyes on a Bible. According to the traditions upheld in Kibewani village, possessing a Bible would brand you as an infidel.

In September, his grandmother passed away, and her funeral was conducted in the Christian faith. It was during this event that he was taken aback by the concept of eternal life, which deeply resonated with him, especially when the preacher proclaimed, “For the wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord.” Ainea made the life-changing decision to surrender to Christ, and ever since, he has faithfully attended meetings, testifying that he has discovered a newfound hope in his life.

“If the Gospel wasn’t shared in this area some days ago there would have been no other way for my friend to hear about Jesus Christ and then to tell me.” Praise the Lord for the saving Gospel that is able to reach areas that were previously unreached. To see a new believer like Karim Omar attending the house church encourages the people to witness to others.

It’s heartening to witness the shift in the community’s attitude, from past resistance to current friendliness towards our team. These experiences reaffirm God’s unwavering faithfulness. **NCM Field Staff Deusededith, Joshua**

Church Planter Training in Tanzania

Abubakar Kiseja recounted the challenging journey of caring for his daughter, who had been battling throat cancer. Initially, they turned to local healers and traditional remedies, but found no relief. Upon encountering the Gospel, Abubakar sought spiritual intervention for his daughter, guided to forsake traditional medicines and reject beliefs in witchcraft. Since then, his daughter’s health has seen remarkable progress, thanks to medication they received from the hospital. With renewed optimism, they anticipate her eventual return to school after more than a year of absence. Abubakar expressed gratitude and joy, highlighting the newfound hope that fills their hearts.

On average, the villages are 10 kilometers apart or more. Despite the long walks every day, we're determined to reach the Digo people. We're starting to see a change in the villagers—they no longer resent us and are becoming more welcoming. It's also heartening to see the new believer's commitment to growing in grace, faith, and knowledge of God.

Omary Hamad has been attending our church activities for six months. He has been borrowing a friend's Bible for Bible study as he could not afford to buy his own Bible. This is a challenge faced by most of the new believers so we continue to pray that each disciple can soon have a Bible. However, we recently received the Gospel booklets which we have given to some people, including Omary. This is a blessing to them and we are seeing spiritual growth in the people as they have a desire to know God's Word.

Joseph Elikana testified that despite being raised in a Christian home, he merely went through the motions without truly knowing God. He felt lost and focused on his own image until he reached a low point of loneliness and fear. At that moment, he turned to God, confessing his sins and accepting Jesus's sacrifice for salvation. He committed to living for God rather than for himself or others, finding fulfillment, purpose, and joy in his faith. He said: "When the things I was pursuing before continually let me down, God has never once left me. He has shown Himself to me in His Word, the Bible. God loved me even at my lowest point and He rescued me from myself and eternal separation from Him."

Ashura Mohamend, aged 36, was involved in prostitution for years, leading to a six-month prison term. While incarcerated, she encountered the Gospel message repeatedly. Upon her release, she moved to Pamvi Village, where she heard the Gospel again, and this time, felt a conviction from the Holy Spirit. Ashura repented of her past and embraced Jesus Christ as her Savior. Since then, her life has been completely transformed, and she now radiates with peace and joy.

The youth are publicly saying that they need Jesus or that they have accepted Jesus as Lord and Savior. Normally they would be shy among their peer group to declare their faith and sometimes fear their parents. So we praise God when we see young people living out their faith in Christ. Transformed behavior of the youth has been a catalyst for the adults to see the goodness of God and how lives are changing

The Gospel has made significant inroads, reaching even the doorstep of the Mosque's Sheikh. Having some members of his family attend our outreaches is a step forward towards having an opportunity to share the good news with more people. NCM Field Staff Benedictor & Seleman

KENYA

54+ Million People | 5+ Million Unreached | 25.5% Islamic (60-70% in Coastal Province) | 24.5% Ethnic Religions | NCM active among 7 UPGs

A new believer testified, “I’m grateful to God for sending His workers to visit and pray for me during a time when hope seemed distant. Your words of encouragement has strengthened me a lot and I thank God for His goodness towards me. Since your heartfelt prayers, my life has begun to take a positive turn. **NCM Field Staff Jackson**

I thank God for enabling us to start a Bible school for pastors and church leaders. The Diploma class is finishing their course at the end of September. The Certificate class will continue until January 2024. There are church leaders from various denominations who have registered with us to start next year. This is what we were praying for and God has answered our prayers. **NCM Field Staff Joel**

The opening of the coastal regions to the gospel is very encouraging and for the first time we’re making inroads into former strongholds of Islam. We thank God and the donors who have equipped us and made this possible. We received an invitation from Muslims to present the Jesus film in their villages and we’re preparing for a week long outreach and crusades into the area. We thank God for this breakthrough. **NCM Field Staff Geoffrey**

Our community outreach and Jesus film events at Swre Musikitini were incredibly successful, despite the fact that the majority of the community follows Islam. They graciously welcomed us, expressing great enthusiasm for the Jesus film, particularly because it was presented in their native Digo language—a first-time experience for many of them. **NCM Field Staff Francis**

Praise God! The Lord has given us favor in this area for we see the great things that God is doing. Imagine visiting a Muslim home and you are given time to share the word of God with them and they are willing to listen! Glory to God.

Charo Chaka, a man who once battled alcohol addiction and faced estrangement from his family, now testifies to a remarkable transformation since embracing Jesus Christ. He acknowledges that his journey to recovery was not immediate, but through prayer and placing his faith in Jesus, he witnessed a profound change. As a result, Charo is grateful to God for making him a new person in Christ, leading to a restoration of trust and acceptance from his relatives.

Our mission is focused on extending the Gospel to the Kasanga people, a small yet significant ethnic group residing in northern Guinea Bissau. They face challenges as they assimilate into larger ethnic groups due to historical reasons, making them difficult to identify. During our outreaches in their villages, we encountered obstacles in reaching them, as some believe Jesus is only for Christians and they also believe in mythical curses. However, in places like Ganjandi and Sedingal, they're starting to open up to hearing about the Gospel. We trust the Holy Spirit to work in their lives as faith comes by hearing the Word of God. We continue to be patient and form friendships with them. Our plan includes: **Distribution of Jesus film materials in 2024, Organization of 3-4 day evangelistic outreaches supported by medical assistance, Establishment of a football academy to engage their youth, Introduction of farming initiatives to alleviate food insecurity.**

We ask for your prayers for the spiritual transformation of the Kasanga people, the physical and emotional well-being of our team, the continued growth and impact of the NCM, and for the political stability in Guinea Bissau. We express gratitude for NCM's support in spreading the Gospel in Guinea Bissau and appreciate your continued partnership. May God bless you abundantly. **NCM Field Staff Domingos Amisson Tchuda**

During our outreach in Caboxangue, we witnessed the profound impact of God's love as we shared the Gospel and prayed for the sick. **NCM Field Staff Alberto**

Safiato, had been suffering from illness for an extended period. After hearing the Gospel and receiving prayer, she surrendered her life to Christ. Safiato has since testified that she has recovered and is able to resume her daily tasks. Praise the Lord! **NCM Field Staff Domingos**

We give thanks to the Lord who truly touched a certain woman who, after having accepted Jesus, offered that her house can be used for Bible study meetings, even though her husband was not present. This is really surprising because in this environment where Islam dominates, many women are afraid and others flatly refuse to even take gospel tracts from us because their husbands will not approve. **NCM Field Staff Serapin, Cyrile**

I'm Dimon. Jesus wasn't something I thought or knew about until NCM missionaries visited our village and shared the Gospel. Their message changed everything for me. Now, I wholeheartedly believe in Jesus Christ and have made the decision to accept Him as my Lord and Savior. **NCM Field Staff Pascal, Cyrille**

In Niarissera the people face many challenges, but we thank the Lord that they welcomed us and accepted the Word of God with joy. We also prayed for the sick in their homes. We can feel that they are thirsty for the gospel. We thank God for the people who received us and listened to the Gospel despite their religion. **NCM Field Staff Pascal, Seraphin**

I'm Bape. Idol worship has been a tradition in our family, passed down by my late father. I used to be deeply attached to these idols, but my life lacked peace, and my children were frequently unwell. However, since I chose to follow Jesus Christ, my life has been transformed with joy and peace. Moreover, one of my children experienced a miraculous healing. Praise God for His blessings.

We celebrate the name of the Lord because great is our joy to see the powerful hand of God in the lives of new believers and families who are committed to the Lord.

During door-to-door evangelism we prayed for an old man who was lying on his bed sick, he could not sit up or eat by himself. After we prayed the Lord started working in his life and he began to recover. He can now sit up and eat without being helped.

Many people in the villages we are working in, are starting to understand more about Jesus Christ. We prayed for many people and thank the Lord for those who are recovering. Currently I have three villages where I'm sharing the Gospel in and many people are joyful, asking us to return again to share with them. In Kongolikoro, our disciples are gradually embracing and adjusting to their journey with the Lord. We come together to worship every Sunday as a united group! **NCM Field Staff Nakoulma Halidou**

I praise God for His blessings in our lives and for the growth of our disciples in their spiritual journey. Some now join us in prayer, while others have abandoned all ancestral practices, choosing to leave behind worldly ways, all due to the remarkable transformation in their lives after finding salvation in Christ. **NCM Field Staff Issa**

We're grateful to God for the children we're guiding in their faith. Some of them have learned the songs so well that they're now singing during our worship services. **NCM Field Staff Konate**

Throughout this year, God has been our steadfast shield and protector. We deeply appreciate your prayers and support, which have been instrumental in helping us overcome numerous challenges. We give thanks to God for the faithful new believers who are growing spiritually.

We encountered Pa Foday Kemoh, who is a Mende Bom. He, along with his family, were Muslims. We thank God that during our visit to his community in July, he and his household received Christ. In that same community, more than twenty Muslims and non-Muslims who heard the Gospel also chose to devote their lives to Jesus Christ. They are now living transformed lives, all for the glory of God. NCM Field Staff Paul

Mr. Abu Kamara's reputation as a dangerous man cast a dark shadow over the village, instilling fear in all who knew him. During our outreach efforts, we had the opportunity to meet him, but our attempts to share the Gospel were met with resistance as he turned away. Several weeks later, illness struck him, and despite seeking treatment at the community hospital, his health continued to decline. His family reached out to us for prayer, and after our intervention, he experienced a remarkable recovery. In gratitude, he embraced Christ, turning away from his former life. Now, he and his household are being disciplined. Glory to God! **NCM Field Staff Charles**

Mariana Tokowa, a fellow believer in Christ, has undergone significant spiritual growth. She was previously a drinker who hesitated to share about Jesus. Now when we met her again we could see how the Lord has been working in her life. Mariana has transformed into someone unashamed of the Gospel and now openly expresses her faith. She thanked us for leading her on this path.

In March of this year, we encountered Bonya Jilo Tucker during our home visits. She was unwell and shared with us her three-year battle with stomach pains. We offered her solace through the Word of God and prayed for her. Upon our return visit, her eagerness to greet us was evident as she hurried out to meet us, joyfully proclaiming the miraculous intervention of God in her life. We give thanks to the Lord for our sister's remarkable restoration to health. **NCM Field Staff Paul**

The transition of many individuals from practicing Islam to embracing Jesus showcases the profound influence of the Gospel. Each day, we observe remarkable and inspiring changes in their lives highlighting the significant impact resulting from embracing the teachings of Christ.

IVORY COAST

We screened an African film “Jesus, The Solution” in Assuefry, an animistic village close to the Ghana border. We saw the power of Holy Spirit touching people. Many were saved and also healed and delivered. It was amazing to see so many people gathering to watch the Jesus film presentation and also other African films. Being able to hear of the Good News of Jesus Christ in their mother tongue (Baule and Jula) for the first time was very exciting for the villagers. **NCM Field Staff Jerome**

My name is Sita, and I once lived as a prostitute, facing rejection from all corners of society. I believed that even God had abandoned me to my fate in hell. Then, one morning, two kind gentlemen greeted me warmly, offering a glimmer of hope. They shared the story of a sinful woman forgiven by Jesus. Inspired, I accepted Jesus as my Savior, asking for His forgiveness. Now, transformed by His love, I am a child of God. **NCM Field Staff Nguessan**

I’m Niayé. At 17, I was married without my consent and found myself with two children, feeling hopeless and like life had dealt me a rough hand. But then I encountered the Gospel, learning about Jesus Christ’s love and sacrifice for me. I confessed my sins and chose to accept Jesus as my Lord and Savior. Now, my life is filled with love, joy, and peace.

I’m Adeline. Watching a Christian film in my village, where animism is the norm, was a new experience for me. After the movie and reading the Gospel literature provided, I realized that Jesus Christ is our Savior. This newfound understanding has completely changed my perspective.

We had a wonderful time with orphans in Quartier Konankro in the city of Divo. We provided some food, school supplies and shared gifts with these precious children. It was a blessing to see them smiling since they knew they could join their classes and continue with their studies. NCM Field Staff David Pleka

“My name is Fofana and I’m a former Muslim who came to Christ and was baptized 40 years ago. After accepting Christ I was not able to study the Word of God because I could not read and no one, not even my children, could read the Bible to me. After a car accident 25 years ago it became difficult for me to walk and go to church. One day some people came to my house and after they shared the gospel I told them that I had already accepted Christ as my Lord and Savior, but I was in need of His Word in my life. What a joy when I received the audio player with God’s Word, and I’m so thankful that a Bible study group has started in my house. I’m 71 years old, but I feel renewed.”

God has worked wonders through your prayers for the church. We received this testimony when our hope was running low. On February 26th, 2023, after Sunday service, I received news that the elders council had granted the church to us. They declared the land as community property, settling a dispute between Lawal and another family. Moreover, they ensured unhindered access to the church for anyone willing to attend, offering a sincere apology for past misbehavior and the church's displacement. Despite initial doubts, the community provided us with a piece of land for our church on a farm road. Surprisingly, this location has proven advantageous. It has made attending church easier for those hesitant about public settings, allowing them to join without fear of judgment.

We're thrilled to share that we've successfully purchased and received motorbikes for our team. Originally budgeted for two bikes, we've been blessed to acquire three, all through the grace of God. Currently, we're in the process of registering them and obtaining purchase receipts at the licensing office. These brand new Motorbikes are now being assigned to our church planters in Nigeria. This accomplishment is a dream come true for our church planters, who have earnestly prayed for this support. With these motorbikes, their work will become much smoother, allowing them to extend the reach of the Gospel to even more unreached villages in the area.

Senima Ani, a widow with unwavering faith and a strong hunger for God, faced a challenging situation. She was called before her late husband's family, surrounded by stern-looking men, and questioned about her decision to embrace Jesus over her husband's religion. Her response, which surprised even me, was, "Only a fool would stay in darkness when they can see and hear about the light." This profound statement was expressed in our local dialect. The women in the area are standing out with their strong faith, similar to how God chose people during Jesus's time. Their faith is unlike anything I've seen in the cities I've worked in for years. I'm quickly learning from these amazing people who serve God even in the heat of persecution. **NCM Field Staff Destiny**

We gathered as a team to reflect on our accomplishments over the past year and set goals for 2024. We're thankful to God for granting us the boldness to pursue our mission and we humbly ask for His continued grace in the upcoming year. Despite encountering challenges and moments of sadness, we're grateful for the unwavering support and encouragement we received from the NCM international team.

We scheduled a 5am prayer meeting, and to our amazement, people came to pray even in the rain. They are growing spiritually. We've also noticed that their attitudes and characters are changing as they engage in our teachings. Some of them are now bold enough to talk openly about Jesus. We trust God that more people will have the desire to attend church. **NCM Field Staff Patrick & Peter**

GHANA

NCM active among 20 UPGs

Suma Ahenkro sits in the heart of the Bono Region, nestled within Jaman North, making it the largest town near Sampa. The community's response was positive, with people expressing genuine happiness as we shared the Gospel with them. During our outreach, we had the privilege of sharing the word of God with three Jula Muslims, all of whom committed their lives to Christ. Additionally, through screenings of the Jesus film and our house-to-house evangelism efforts, we witnessed five diverse ethnic groups embracing Jesus. Furthermore, we distributed WMP literature to numerous Jula Muslims, who received it with great joy. **NCM Field Staff Francis**

Adadiem lies in the Jaman North district of the Bono Region. During our outreach there, we screened the Jesus film. The community expressed great joy in watching the film, particularly because they heard Jesus speaking in the Jula language. This aspect astonished them, with people asking "Jesus can speak Jula too?"

We thank God that the Jula Muslims are gradually opening up to the Gospel and some are accepting Jesus Christ as their Lord and Savior. The new believers were very happy that they have received salvation. The Jesus film has also played a vital role in helping the Jula Muslims and Jula speaking people to understand who Jesus Christ is.

Jiminy Line is a community within Sampa township. The community warmly welcomed us and shared how past projects, such as providing a water well and donating school materials to the Jula community primary school, have made a significant impact. These efforts have helped bridge gaps and opened doors for us to share the Gospel. This month, five Jula Muslims openly embraced Jesus without fear. They were particularly excited to watch the Jesus film, especially because it was presented in their local dialect.

We held an outreach/revival in Kunjanteen, Savannah Region, with our national coordinator, Peter Sibiti, as the speaker. God's presence was felt strongly, and many testified to being healed. We're thankful for the 39 people who accepted Christ, including 15 Jula Muslims. We swiftly established an official church for these new believers. Our national coordinator appointed a pastor and provided basic furnishings like benches, a table, chairs, and drums. The new believers are overjoyed and express a desire to build a place for the pastor to stay when he visits. Please pray for us as we aim to construct temporary structures for the new official church and the house church, as they are currently worshipping outdoors.

We thank the Lord because for the first time we were allowed to share the gospel at the entrance of the mosque. This was a great privilege so we are praying that more doors will open for us to meet our targeted people with the gospel. **NCM Field Staff Sansah Samson**

Let's thank God for the life of brother Ousmane Doré. He is a medical doctor who was attending the Catholic church before he came to Matakao. His wife asked us to pray for their son who was very sick. They had tried medication, but he did not recover. After we prayed for him he began to recover and is now healed. Ousmane came to know Christ along with his wife when we shared the Gospel with them. **NCM Field Staff Faya**

We're grateful to God that certain villagers have come to recognize the value of our teachings for their spiritual growth. They've expressed that they no longer feel the need to seek assistance from the marabout. **NCM Field Staff Oury**

We thank God for brother Moustapha Barry who declared that he knows that the Christians are worshipping the God of peace because the Christians in Pita live in peace and love to one another. That is one of the reasons why he decided to receive salvation. **NCM Field Staff Andre**

A former Muslim, now a follower of Jesus, requested discipleship from us but wanted it to be kept confidential. One Sunday, he quietly shared how the Lord Jesus Christ had responded to his prayers. He said, "I prayed to the Lord Jesus Christ regarding my health and needs. When I woke up the next morning, I witnessed God's hand actively working in my life."

We screened the Jesus film three times for the Bambara and Mianka communities. In fact, the Mayor even granted us permission to continue showing the film. A total of 137 people attended, and among them, 40 individuals made the decision to accept Christ into their lives. **NCM Field Staff Youssouf**

Spreading the Gospel among the Bozo is difficult due to the people's initial resistance, yet through your prayers, the doors have opened gradually. In September, there was a breakthrough as one Bozo made the life-changing decision to surrender to Christ. Your prayers made a big difference in these positive changes. NCM Field Staff Kone

Many people who did not wish to see a Fulani Christian are starting to show an interest in the good news of salvation. Through New Covenant Missions, we are impacting the community with the word of God. **NCM Field Staff Drissa**

We are very grateful to the Lord for the ministry of the New Covenant Missions which has enabled us to reach many men, women and children with the gospel of Jesus Christ. In just three years, several house churches have been planted, disciples have been trained to make disciples, several church leaders have received training, communities in villages have received small development projects. Today NCM is well known in some parts of Mali. **NCM Field Staff Seydou**

A new believer shared with us that he has come to understand the depth of God's love and has recognized that the affection of the Lord surpasses even that of his own parents. He expressed these thoughts prior to committing himself to following Jesus Christ wholeheartedly.

Praise God, I am the first Fulani believer in the locality since 2007 and I remained the only Fulani believer until NCM arrived in our village. Today we are twenty Fulani Christians in the area, thanks to the efforts of New Covenant Missions. Glory be to God!

Thanks to God's grace, we successfully screened the Jesus film in two villages this month and provided pharmaceutical donations to the Doutchi prison. The film projection was made possible with the backing of the Biblical Alliance of Niger, and the pharmaceutical donations were done in partnership with the NGO Solidarity Initiative for All. I'm grateful to the Lord for granting me the opportunity to visit the civil prison of Doutchi. **NCM Field Staff Lompo**

On September 25th terrorists invaded the home of the pastor in Oukouafanou, a dedicated volunteer church leader who assisted us in establishing the church in Tabidjouaga. Thankfully, the pastor and his family managed to escape. I have offered them refuge in my home while we work to find a solution for their situation. Please pray for them. **NCM Field Staff Alhousseini**

We praise God for answering our prayers for land. All of the team contributed with a brother from the Assemblies of God to buy land in Bouza to establish an official church and also a house for the future pastor.

I express gratitude to the Lord for His protection over us in the past year. The economic and trade sanctions imposed on Niger have presented extra hurdles for our work in the field. Nevertheless, despite these challenges, God's faithfulness has shone through, as we continue to witness salvations and baptisms. We've established house churches in three villages, where 86 individuals gather weekly for prayer.

We arranged to meet with a children's club, they were with Zarma and Fulani children and more than fifty children attended. After sharing about Jesus with them, we arranged a game of football as part of keeping strong ties with the children. They were happy and they attended church. **NCM Field Staff Idrissa**

My name is Ali Mahamadou. My parents divorced when I was a baby. My mother remarried but the man abandoned us seven years ago. In the depths of despair, the Gospel brought me a profound revelation: God's unconditional love for me, giving my life new purpose. Embracing Jesus Christ as my Lord and Savior has brought me profound joy. My heartfelt prayer is for my loved ones to also find salvation and experience the same transformative love I've discovered.

TAHOUA PROJECT

The Tahoua project is focused on sharing the good news of Jesus Christ with the predominantly Islamic Tahoua Region in Niger by establishing 600 churches in the area.

We want to give thanks to God for the opportunities we have to share the Word of God with the Hausa and Fulani people. We have seen healings. We praise God for what He is doing. **NCM Field Staff Zakou**

*Sa'adiya committed her life to Christ in July. Since accepting Jesus, she has transformed into a new person and expresses gratitude to Him for all that He has done in her life. A month later, Sa'adiya's decision prompted the community's Imam to invite a counterpart from Nigeria in an attempt to dissuade her and bring her back to Islam. However, Sa'adiya's steadfast commitment to Jesus became evident in her response to the Imam. She expressed firmly, "Allah ya nuna mata hanya mafi madedeciya shine Yesu almasihu Dan Allah" (God showed her that Jesus Christ, the son of God, is the best path). This response angered the Imam, who declared that upon her death, she would not receive prayers (Sallah), and during her daughter's upcoming childbirth, no assistance would be provided during the naming ceremony. Despite this, her husband has also embraced Jesus Christ. **NCM Field Staff Philibus***

We are grateful for the remarkable work that God is doing in our region. This year, we had the privilege of reaching out to three villages, and in December, we celebrated the baptism of four believers. Looking ahead, we are eager to launch a sewing center, to enhance our engagement with the community on a deeper level. **NCM Field Staff Yari**

Alankayawa has been a very difficult village to reach with the Gospel. Initially, the elders and traditional leaders chased us away. But one day I went on my own to the village and I met a farmer who is now our man of peace. I now have access to connect with the youth of the village and we also have a house church. **NCM Field Staff Joshua Philibus**

The people of Dakache are thrilled and deeply grateful for the assistance you've given. The village chief, along with the men, women, and children, express heartfelt thanks. Despite this, many villagers expressed a desire to embrace Jesus Christ, yet they fear potential persecution, which holds them back from openly accepting Him. **NCM Field Staff Benyoua**

Hallelujah for the incredible blessings of motorbikes! It will allow us to spread the Gospel to places it has never reached before. Our gratitude knows no bounds, as we've been praying fervently for this for a long time. May God shower blessings upon the generous donors who made this gift possible. **NCM Field Staff Yahouza & Joshua Philibus**

CHAD

CENTRAL AFRICA

18+ Million People | 10 Million Unreached | 57% Islamic | NCM active among 28 UPGs

The Mahwa community is experiencing a revival following the brief visit of three well-trained missionaries from August 19 to September 3. During this time, reconciliation among several village chiefs has occurred, emphasizing lessons on forgiveness. Moreover, land has been generously allocated for the establishment of a church. It is with gratitude that we praise God for the one Mahwa individual who has embraced a life in Christ. **NCM Field Staff Ahmad, Gaidro**

Let us give thanks to God for the workshops on the translation of Bible stories into the Mawa and Ubi languages that are taking place in N'djamena.

The Himat Baggara community is intertwined with the ongoing events at the Sudan-Chad border amidst the Sudanese conflict. It is difficult to reach the Himat Baggara as most of the men are in Sudan because of the war. Our outreach efforts were carried out in three locations that were nearly deserted due to the Sudanese conflict. Additionally, people had migrated in search of grazing lands for their animals, further complicating the outreach process. Please join us in prayer as we seek to reach the Himat Baggara community.

Upon our arrival in Bougoumin, we prayed, seeking God's guidance. Miraculously, we were led to encounter a person of peace who welcomed us into his home. Expressing gratitude, the Canton chief said, "I am thankful to God for sending you to our village." The warm welcome made us sure that God was guiding us to Bougoumin. **NCM Field Staff Justin, Ousamane**

The village elders have expressed gratitude for our efforts within the Jaya community in recent months. As a token of their appreciation, they are offering us a piece of land. This gesture reflects the deep value they place on our contributions and strengthens the bond between us. **NCM Field Staff Amos, Gamarga**

I have immense joy since I accepted Jesus Christ as my Savior. I have seen brotherly love among the Christians. I thank God that I heard the gospel being shared by Pastor Timothy and I am now part of the family of God. I will tell my Dadjo brothers and other communities about Jesus. Souleyman

Two Muslims accepted Jesus during the campaign in Mobou, registered for baptism and at the same time committed themselves to follow the pastoral courses. Something unexpected and incredible, but possible with God! Their names are Ahmad and Batab. **NCM Field Staff Ahmad, Gaidro**

Adim Idriss asked us for an audio Bible and now he and his family listen to the word of God every morning and evening!

NCM's presence has sparked transformation in the community, particularly among believers who have experienced the profound strength and faithfulness of God. As a result, many residents have willingly abandoned old habits to commit themselves to serving God wholeheartedly. NCM Field Staff Abadja

Following the referendum vote, the area has settled into a peaceful state, allowing for the ongoing spread of the gospel. The villagers eagerly receive the word of God, considering it a vital part of their daily lives. The majority of the community have open hearts. **NCM Field Staff Justin**

Nzapasésé Firmin, a member of the Ganzi ethnic group, serves as the traditional heir of his clan following his grandfather's passing. They adhere to various traditional ceremonies. Recently, he realized he needed to break free from his fetish practices. Seeking spiritual guidance, he approached a church planter, confessed his sins, and underwent baptism. We rejoice in his transformed life and newfound freedom, giving glory to God.

NCM has just started working in the province of Bamingui-Bangoran among the Runga people group. One major challenge we face is that this community has endured many ethnic conflicts, greatly affecting its people. Most of them live in extreme poverty, and there are many orphans and widows as a result. Additionally, there is persistent insecurity caused by armed groups from neighboring countries such as Chad and North Sudan. Despite these challenges, we are sharing the Gospel and are convinced that the presence of NCM church planters in the area will impact the lives of many people and bring about positive change in the community.

Sandra Kanago is a sister in Christ. She shared with us that she is married to a Muslim and was not allowed to attend church but had to go to the Mosque. When Sandra heard me sharing the Gospel, she began to weep. Her husband was present and also heard the Word of God and was touched. He made the decision to allow Sandra to attend church and decided to start going with her to learn more about the Gospel.

The area has become calmer overall, but certain villages, particularly those distant from the town, still experience insecurity stemming from attacks by armed groups. While this poses challenges to our activities, progress is gradually being made in Golomandja where our work is taking root. I am beginning to see the hand of the Lord working in the lives of the people. Due to the volume of inhabitants, church planter Gabriel and I have divided the area into two to work effectively.

CP Biloni praises God as people are starting to love hearing the Word of God and attend church at the new site. It was not easy at first as there were only a few people at the Sunday services, but now more people are interested in the church and worship. **NCM Field Staff Biloni, Jean, Iheko**

Chief Magembe praised NCM's all-encompassing approach to their work. He said the ongoing projects are crucial for the village's development and expects even more impact once the new church is built. **NCM Field Staff Simeon, Cebastien**

The individuals who have found salvation serve as role models within their community by embodying transformed lives. Their positive examples inspire and influence others around them.

Brother Oscar says he did not realize that the name of Jesus was so powerful. He had previously heard people speaking about Jesus Christ but did not understand their joy. He watched the Jesus film and also the first baptism ceremony in his village and decided to surrender his life to Christ.

Agbanga Lisanga testifies how the Bible studies have helped him to abandon so many bad habits in his life. He now understands through God's Word that these were sinful. Brother Lilonga Julien shares that when he reads the Bible on his own, he can now understand it, thanks to our Bible studies. He is also praying and sharing the Word of God with his family and others.

I'm Bernard Apolo. I had never been to a church or believed in God's existence. One day, missionaries visited my village and shared about salvation through Jesus Christ, along with God's love for the world. Their message touched me deeply, and I realized the importance of accepting Jesus Christ as my Lord. Now, I'm a follower of Jesus, I've been baptized, and I regularly attend Bible studies. I'm grateful that my eyes were opened to the truth of the Gospel of Christ.

The Tokou village hosted its first mission and screening of the Jesus film with 31 people in attendance. Praise God the new believers are attending discipleship groups. **NCM Field Staff Franck**

I'm Popa Julienne, a member of the Ngondi community. I devoted myself tirelessly to caring for not only my own children but also my late brother's children after his passing. Over time, I found myself trusting men who claimed to be prophets, soliciting money and possessions from us. I became entangled in their schemes, willingly giving them whatever they asked for. However, everything changed when a genuine man of God arrived and shared the Gospel with me. For the first time, I grasped the true essence of God's Word. They did not want anything in return. Faced with this revelation, I made the decision to repent of my sins and commit my life to Jesus Christ. Since then, my life has undergone a remarkable transformation, and I now experience a sense of peace.

My name is Erneste Makambo, a member of the Ngondi people. While on our way home, we made an impromptu stop at Tokou for no apparent reason. That evening, we stumbled upon a meeting announcement and decided to attend. It was there that both I and another brother felt a calling to accept Jesus as our Lord and Savior. I thank God for His goodness and the guidance of the Holy Spirit, leading us to pause our journey and visit this village.

The believers are growing spiritually because of our discipleship groups. People have seen the hand of God in their lives, some who were not speaking to each other have begun to do so again thanks to the Bible studies and prayer. The villagers are full of joy as they see what God is doing. **NCM Field Staff Armel**

I am Ali Mamadou from the Hausa people group. Throughout my childhood I did not have the opportunity to even touch a Bible because I was forbidden to do so. But then one day I heard the Word of God and the man told me about Jesus and I understood that the best thing in the world is to know Jesus as my Lord and Savior. Without my parents knowing I gave my life to Christ and was baptized. I have immense joy because I know I'm now a child of God. **NCM Field Staff Eddy**

ZAMBIA

20.5 Million People | 105,000 Unreached | 18.9% Ethnic Religions | NCM active among 2 UPGs

The amazing story of the former headman Mutambo still shines through the darkness that was in Tamboland. This man was in charge of a village under a chief, but when he accepted Christ as his personal savior, he resigned as headman and followed Christ. Today Mr Mutambo is serving as an elder in the new church planted by the NCM team in Kantembe village. His desire is to join the ministry and be trained as an evangelist so that he can further the gospel and plant churches among his people.

We praise God for village headman Chiyuni. His willingness to provide a venue for the Jesus Film presentation is uncommon among village leaders. We are presently in the process of identifying a community project that will serve as a bridge to connect with the Yao Muslims and the local tribes of Chipata. **NCM Field Staff George**

The gospel of our Lord Jesus Christ is now reaching more villages than we anticipated and many villagers are now requesting to plant churches including in villages where witchcraft was considered a religion. We can't wait to see the Tambo evangelists raised from among the saved to carry the gospel further in Tambo land.

Besides sharing the gospel verbally in Tambo land, we started a night school where we are teaching villagers how to read and write. We are trusting the Lord that this school will go along way in meeting the literacy needs of the Tambo people. This school may become a regular school where we will be able to teach children as well. This will help reduce illiteracy by providing schools for children who currently cannot attend due to the lack of educational facilities in the area. This will empower the villagers in the long term. **NCM Field Staff Joel**

The Chieftdom of Katyetye is now open to the gospel. The gospel has come to stay and people's hearts are opening up daily despite threats from individuals who feel that they are losing Tamboland to the Kingdom of God. Witnessing village headmen actively participating in our church programs is truly heartening. Previously, these leaders were the main obstacles to gospel outreach, but now many have welcomed its message into their villages.

I'm Musonda Mwamba. NCM brought the Jesus film to my village, and it helped me understand who Jesus Christ is. Watching Him suffer in the film made me realize my own sins, and I was deeply moved to tears. I went forward for prayer and decided to accept Jesus as my Lord and Savior. Now, I hope to become a pastor one day and share the Gospel with my fellow Tambo people.

We traveled more than 50 kilometers through rivers and forests to reach the Pygmies. May the Lord help us because it is not easy. We gave clothes to the Pygmies in Ndoumassi and talked to them about the Gospel. The clothing was very appreciated by all the people. The leader of a Pygmy village group, whose name is N'ngang, has accepted Jesus into his life and received a Bible. He is thankful for God's grace and what it has brought to his life. We have hope that this will open doors for us to reach even more people in the village. **NCM Field Staff Stephane**

The new believers are concerned that the new official church in Mbadi may not last, as previous churches in Mbadi have closed shortly after opening. Mbadi is a very challenging area to work in, so please pray for the long-lasting presence of this church. We're grateful for God's perfect timing and for sending us sister Justine Malama, our peacemaker and the widow of the former chief of Canton. She has supported our mission in Mbadi by providing us with a temporary place of worship - the Canton meeting shed. **NCM Field Staff Bouyou**

WORLD MISSIONARY PRESS

GOSPEL BOOKLETS FOR ETHIOPIA

We're excited to share that we recently received 2,176,000 World Missionary Press booklets in languages such as Amharic, Oromifa, Tigregna, Somali, and Arabic. Out of these, 42,500 booklets were distributed to church planters. Here's the breakdown of distribution:

Mehal MKC Assela received 7 cartons of Amharic booklets and 8 cartons of Oromifa booklets. Gospel for All International Ministry received 25 cartons each of Amharic and Oromifa booklets. Kera Gofa Evangelical Fellowship received 15 cartons of Amharic booklets. Holy Spirit Field Church received 1 carton each of Amharic, Arabic, Oromifa, Somali, and Tigregna booklets.

During an outreach event, 500 booklets were distributed, reaching 30,000 individuals. We're thrilled to report that through these efforts, 27 people found salvation in Jesus.

GOSPEL BOOKLETS FOR CHAD

We received 2,034 boxes containing WMP booklets in French, Azumaina, Ngambaye, Sango, and Hausa languages. We distributed 20,000 of these booklets to NCM Field Staff for their work. During our distribution events, we reached 12,300 people with the gospel message, and 247 individuals accepted salvation.

NCM NC Assane Bella

Oumar Mahamat: *I cannot read or write, but thanks to a friend who received the “Jesus Loves You” booklet and explained God’s love for humanity to me, I accepted Jesus despite the persecution from my Muslim friends. I have chosen to live the rest of my life with Jesus.* **Abanga Baddai:** *I was born and raised in a Muslim family. I had been hearing about Jesus for several years, but I never felt a strong connection until I received the booklet titled “How to Know God.” This title motivated me to read the entire booklet, and I discovered many truths that no one had ever told me before. When I met evangelists who came to my village and explained Jesus in detail, I accepted Him as the savior of my life, and everything in my life changed.*

GOSPEL BOOKLETS FOR TANZANIA

In June 2023, we received 4,250 boxes of Gospel booklets. By the end of December 2023, we had distributed 2,426 boxes across twelve administrative regions of Tanzania: Dodoma, Morogoro, Tanga, Mbeya, Simiyu, Njombe, Tabora, Mtwara, Manyara, Shinyanga, Pwani, and Mwanza. These booklets are available in languages such as Kimeru, Kinyakyusa, Kiswahili, Kimasai, Kipare, and Kisukuma. From October to December 2023, we distributed 176 boxes of Gospel booklets to our Church Planters in the Pwani Region. Additionally, other Gospel booklets were distributed to local churches and volunteers in six administrative regions: Tabora, Mtwara, Manyara, Shinyanga, Pwani, and Mwanza. During an outreach in the Mkinga District of Tanga Region, we provided booklets to those who have never heard of Jesus Christ. Through this effort, we reached 98 individuals, with 24 people accepting salvation. Our Gospel Literatures Distribution program, initially planned from July 2023 to June 2024, is now halfway complete.

NCM National Coordinator Michael Mafie

Peter Kulwa, from Kange Street in the Tanga Region of Tanzania, shared, “I live with my wife and my younger brother. Previously, my brother showed no interest in the news of Jesus Christ or the Gospel. He disliked anyone who enjoyed reading the Bible, thinking it was too big and daunting with many chapters. However, after we introduced him to gospel booklets, he began reading them himself. Now, he has become interested in the word of God. What’s even more amazing is that he uses the Bible as a reference while reading scriptures indicated in the booklets.” We praise God for this transformation in Peter’s brother’s heart. Truly, God is at work.

Mustafa Eric owns and operates a small restaurant in the Morogoro Region of Tanzania, where many people come to buy food. Recently, a customer who enjoyed Mustafa’s service gave him a gift of a box of gospel booklets. Mustafa didn’t keep the booklets at home but started giving them out to each customer who visited his restaurant. Within a week, many people not only came for food but also asked for more gospel booklets to share in their area. In just three days, one person has already accepted Jesus. Even Mustafa himself has grown spiritually by actively sharing the message of Jesus with his community. The gospel has touched the hearts of many in Morogoro, Tanzania, through these booklets. Mustafa is happy to be part of this initiative to spread the saving message of the gospel through literature.

TANZANIA ORPHANAGE PROJECT

THE GOOD SHEPHERD'S HOUSE

ANNUAL 2023 FACTS:

- The lives of 317 individuals were impacted by the Project. Christian fellowship has been established, leading to the regular Sunday Services and increased participation from both children and adults. As a result, the Gospel message is shared on a weekly basis, providing spiritual nourishment. Additionally, the children involved in the project receive essential provisions such as food, clothing, educational tours, and a designated space for sports activities.
- 267 people had the opportunity to hear the Gospel through ongoing outreach efforts.
- A total of 60 individuals accepted Jesus for the first time
- Furthermore, 6 individuals made a re-commitment to Jesus.

Your ongoing support for the orphanage “The Good Shepherd’s House” in Tanzania has made a big difference in the lives of local children in Ngyeku Village, Arumeru District, in the Arusha Region. Donations have covered education, food, bills, clothes and shoes, recreational tours, and medical needs. Our Christmas event brought the community together to share a meal and celebrate. This project has strengthened these children, improved school performance, and benefited the whole community. We therefore extend thanks to all who have been supporting our orphanage project in 2023, and we’re excited to keep making a difference in 2024 and beyond. **Michael Mafie, National Coordinator.**

Alvane Zephaniah

Testimony of five-year-old boy Alvane Zephaniah :

Alvane faced early hardships, losing his mother and grandmother, and surviving instances of poisoning. The Tanzania Orphanage Project provided him with loving brothers and sisters and a support system, restoring his hope and happiness. He now radiates joy, finds passion in storytelling, and aspires to be a pastor, engaging in his spiritual journey with dedication. Through this project, Alvane receives opportunities for growth and development that were previously inaccessible to him.

Testimony of six-year-old girl Irene Kiamanywa:

Orphaned at a young age with no relatives, Irene lacked essential care after her mother disappeared and her fisherman father tragically passed away. Deprived of necessities like education, healthcare, and spiritual guidance, Irene had no one to turn to. Good Shepherd’s House stepped in, providing her with love and support. Irene now finds joy in her relationships with the other children, wears a radiant smile, and sings praises to Jesus.

Irene Kiamanywa

Testimony of seven-year-old boy Stewart Yusuph :

Stewart Yusuph, who turned seven years old in 2023, faced significant challenges before becoming a part of the Tanzania Orphanage Project. Tragedy struck in 2020 with Stewart’s father falling victim to COVID-19. After losing the family’s main provider, Stewart’s mother took on the responsibility by starting a vegetable-selling business in various markets within the Kilimanjaro Region. On August 18, 2023, a devastating car accident unfolded. A police car collided head-on with a small vehicle carrying vendors to the market. The tragic incident resulted in the loss of ten lives, including Stewart’s mother. The event captured significant public attention and evoked deep sorrow across Tanzania. Following the funeral, it was revealed that a significant conflict existed between the relatives on the father’s side and those on the mother’s side, leading to strained relations. After the relatives departed, Stewart and Clara, Stewart’s 19 year old sister, were left alone without any support. Their daily life became a struggle, relying on the kindness of neighbors and Good Samaritans for food. Losing their mother not only took away hope for a better future, but also made his educational aspirations seem impossible.

Thanks to the Tanzania Orphanage Project, Stewart is back on track to achieve his academic goals. Your support for the Tanzania Orphanage Project/Good Shepherd’s House will empower children such as Stewart to access education, receive medical assistance, and thrive under the care of a devoted staff committed to nurturing them in the love of Jesus. We extend our heartfelt gratitude for partnering with us to create a future for these children.

Testimony of eight-year-old boy Patrick Urasa :

Patrick Urasa’s mother has battled mental illness for many years. She cared for Patrick for only two months before abandoning him at a police station in Arusha. He was then placed in a children’s center, and at the age of two, Patrick was taken in by a compassionate woman, whom he affectionately referred to as his aunt. She provided for him as her own son. Tragically, this aunt was the *mother of Stewart Yusufu*, who perished in a fatal car accident involving a police vehicle, claiming ten lives. Patrick’s “aunt” was his sole source of support, ensuring he received an education and all necessary services. After her passing, Patrick and Stewart found themselves without anyone to care for them or meet their needs until their story reached the Good Shepherd’s House. Now, they have found a safe haven to call home.

Despite the challenges he has faced, Patrick remains a funny and charming boy who dreams of becoming a soldier and helping others. The opportunity to receive assistance at the Good Shepherd’s House has reignited his courageous spirit and filled him with hope for the future. **National Coordinator Michael Mafie**

RELIEF PROJECTS

GARRE, ETHIOPIA RELIEF PROJECT

The Garre people faced severe hardships due to drought, losing their livelihoods and exposing them to health risks. They lost their livestock, which was their main way of making money as pastoralists. Because of this, they couldn't provide for their families, resulting in lack of food and education for their children. They became vulnerable to waterborne diseases, malnutrition, and other illnesses. A relief project, supported by NCM, provided food and spiritual comfort to over 2000 people, positively impacting 400 households. We acquired food supplies from nearby markets, identified and prioritized distribution to the most vulnerable groups, gathered recipients at a central location, and shared the message of God's love before distribution. The community expressed gratitude for the ongoing support, acknowledging the importance of NCM's assistance during difficult times. Plans for a sustainable water project were discussed as the next initiative. Relief aid proved crucial in saving lives and was greatly appreciated by the Garre people. **Horn of Africa Regional Director Garede Assefa**

In my ministry area, poverty and food shortages present significant challenges for the local community. Recognizing this need, our team took action to provide assistance by distributing essential food items. Through the efforts of NCM, we were able to extend a helping hand to those facing hardship, offering both material support and spiritual support through the Gospel. **NCM Field Staff Arsi Raya**

AXUM, ETHIOPIA CHILDREN RELIEF

In the past year, our collaborative efforts with Axum Full Gospel Church have brought about significant positive change within our community. Through our three-month Sports Program, we've impacted the lives of 30 children and 30 households, reaching approximately 150 individuals in total.

Our Highlights: **Sports for Development:** Our Sports Program offered vital chances for kids to boost their physical and mental well-being, emphasizing the importance of active lifestyles. **Basic Needs Support:** We've ensured that participating children had access to vital necessities like nutritious food and health education, enhancing their overall well-being. **Trauma Counseling:** Recognizing the importance of mental health, we provided trauma counseling to affected households, offering healing and relief from past traumas. **Education Encouragement:** We've encouraged children to return to school, fostering a sense of normalcy and hope for the future. **Community Engagement:** Our project brought NCM and local authorities closer together, gaining their support and appreciation for our work in helping struggling families. **Spiritual Impact:** In addition to providing physical assistance, our project has had a profound spiritual impact. Eight women have embraced Jesus as their savior, and all beneficiaries have been introduced to the life-changing message of the gospel. Looking ahead, we're committed to expanding our efforts to meet the needs of our community. Our aim is to assist families in starting small businesses and provide educational support, all with the help and guidance of God.

MESERTE KRISTOSE WIDOWS CARE CENTER

“This project is my lifeline. When I’m sick, it supports me, and the sanitation materials provided monthly are invaluable. Please convey my heartfelt thanks to all supporters. I pray for them regularly.”

“No one supports me like this project. It means everything. When I broke my leg, the workers ensured I got proper treatment, and now I’m healed. The daily food from the project sustains me.”

In Ethiopia, elderly widows often lack support and resort to begging on the streets. Through our partner Meserte Kristose church, we provide essential support at the Mehal Bahir Dar Meserete Kristos Widows Care Center, offering shelter, food, and training.

Our project at the Widows Care Center has directly impacted 30 vulnerable widows, 74 of their grandchildren, and 4 voluntary workers, totaling 108 individuals. We’ve faced challenges due to regional insecurity and rising living costs, prompting our relocation to the local church compound for better management. Regular gospel preaching is a cornerstone of our mission, with dedicated efforts during key events and center visits. Recently, we initiated monthly programs for 30-50 mothers and their grandchildren, offering them the chance to hear the gospel. While no new believers were reported in the last quarter, our commitment to prayer and sharing the good news remains unwavering. Since the project began, 7 widows have accepted Christ.

Your generous support, especially the additional aid received, enables us to sustain our ministry and alleviate financial strain. Our ongoing efforts include food assistance, medical support, provision of sanitation materials, and Christmas gifts. We are grateful for the opportunity to serve our community amidst the challenging circumstances faced by our nation, Ethiopia. Please join us in prayer for a fruitful harvest season and lasting peace across our country.

GANZA, ETHIOPIA TRAINING SESSION

From November 27th to December 9th, 2023, a two-week training was conducted at Kale Heywot Bible School compound in Assosa. The goal was to help Ganza language speakers learn to read and write in their mother tongue. Led by trainers Hussen and Adinet, the session included six trainees: three Ethiopians and three Sudanese (Katul, Yisak, Alamudi, Isayah, Jemal, and Kedir). The training covered the Ganza alphabet, and words, sentences, paragraph writing, and also delved into ideas about church planting and mission.

Horn of Africa Regional Director Garedew

JAGBE, NIGERIA RELIEF PROJECT

Rev. Dr. Emmanuel Ojo from 3Doors Foundation reached out to the people of Jagbe through NCM Nigeria. With the support of 3Doors Foundation, we provided shoes and clothing to over 40 children and 35 adults at the Jagbe church, offering much-needed relief during challenging times. Additionally, we engaged in community development services and repaired a part of the Ikhua/Ihilanmen road that was impassable. It was a fulfilling day. **NCM Field Staff Destiny**

TAHOUA REGION, NIGER FOOD RELIEF PROJECT

Our relief project focused on distributing food to five Hausa and Fulani villages in the Tahoua region. Following the coup d'état, the closure of borders by ECOWAS led to a severe food shortage in the area. Our goal was to assist these villages in becoming self-sufficient during this challenging period. The primary obstacle we faced was the limited availability of food for distribution. Additionally, there was concern from villages not included in our food distribution, viewing it as discrimination. To address this, we provided a food box for two to three families to share. Through our efforts, we supported approximately 500 families, totaling around 2500 individuals, and shared the gospel with approximately 2000 people. Among them, 25 Hausa, 4 Fulani, and 7 others accepted Christ.

*We conducted community events in Setto and Karey Goru villages, aiming to express Christ's love by sharing meals and understanding their needs in order to respond with relief projects. Through sharing the Gospel, over 280 children, mothers, and teenagers gathered, receiving clothes and experiencing love they don't often find elsewhere. **NCM Field Staff Idrissa***

*We conducted a food distribution outreach, providing rice and millet to the community. The village chief, along with the entire village of Laba in the Tahoua region, warmly welcomed us. The gratitude expressed by the people and the donation brought immense joy and satisfaction. Additionally, it has opened doors for me to extend my outreach to neighboring villages. **NCM Field Staff Clement***

MEDICAL RELIEF NIGER

We held an awareness campaign in the predominantly Muslim village of Kaiwa to provide medical treatment for undernourished and sick children. Fifteen children from Niamey's Lazare district needed assistance, and our campaign raised 30,000 CFA francs to support their referral to the hospital. The village chiefs and local community joined forces to help these children in need. **NCM Field Staff Moussa**

DAKACHE, NIGER SEWING & KNITTING LESSONS

In Dakaché, we've established a sewing and knitting center catering to women and young individuals. Following the harvest season, when employment opportunities are scarce, the women express gratitude for the opportunity to learn these valuable skills. **NCM Field Staff Benyoua**

MALI CHILDREN RELIEF

I organized an Agape meal for vulnerable children, demonstrating the love of Jesus. We distributed clothes, shoes, and soap, and shared the gospel afterward. Eight children accepted Jesus, with one expressing it was their first time hearing they were loved. Their joy and smiles deeply moved us.

KADIOLO, MALI RELIEF

Several waves of displaced people have recently arrived in Kadiolo from central Mali because of insecurity. We went to see their living conditions and shared the Gospel with many of them. With the help of our local church, we were able to give them mats, clothes and food items such as cereal. They are mostly Fulani with some Bambara families and all women and children. **NCM Field Staff Drissa**

MALI MOPTI PRISON

I coordinated a trip to Mopti prison to visit detainees, engaging with over 196 individuals from diverse ethnic backgrounds. We shared the Gospel with them and provided essential food items like rice, oil, milk, sugar, and tea, along with clothing as part of a relief effort. Several inmates expressed gratitude for the Bibles and Bible tracts, which they believe are guiding them to the truth of the Lord Jesus Christ. Additionally, many mentioned experiencing profound peace in their hearts whenever we prayed for them, attesting to the effectiveness of our prayers. **NCM Field Staff Seydou**

NEW COVENANT SCHOOL OF MISSIONS (NCSOM)

IN COOPERATION WITH NEW COVENANT INTERNATIONAL UNIVERSITY (NCIU)

*The NCM School of Missions is thriving despite challenges. Last term, we enrolled 67 students from diverse countries, including the Central African Republic, Congo Brazzaville, the Democratic Republic of Congo, Gabon, Ghana, Kenya, Liberia, Nigeria, Mali, Sierra Leone, and Uganda. Our programs included a degree program and a diploma program, with courses ranging from Evangelism and Discipleship to Church History and Leadership. These courses were taught by dedicated lecturers, including David Guzik from the USA, Jimmy Kuoh from Liberia, Ugo Peterson from Nigeria, Malan Crouse from South Africa, and myself, Sydney Thomas, from Ghana. We're also praying for essential equipment like projectors, computers, generators, whiteboards, and Internet connections for our hubs in Liberia, Sierra Leone, and the Democratic Republic of Congo, where our students gather. **NCM Sub-Sahara Africa Director Sydney Thomas***

SCHOOL PROJECTS

NIGERIA SCHOOL PROJECT

“Even parents could not hide their joy. Their children are in brand new uniforms and now have school instruments that will encourage some children to run to school, steering clear of the streets.”

Our Nigeria School Project significantly impacted over 300 children and their families by providing essential school items like uniforms, instruments, and school furniture. Despite challenges such as economic fluctuations and tough road conditions, we successfully delivered supplies to Jagbe. The children referred to Jesus as a superhero, recognizing the blessings brought by Christians who cared for their community.

Even Muslim leaders like Mr. Haruna and Mr. Yakubu acknowledged the positive impact of Christians, citing Jesus multiple times, reflecting the unity and acceptance within the community. Our approach to sharing Christ’s love differed from what the community expected. Instead of sermons, we gained trust and opened doors for sharing the Gospel in personal settings. We believe our continued efforts will bring about positive change and touch hearts with Christ’s transformative message.

SOGIDO (BLOOD VILLAGE) KINDERGARTEN SCHOOL

75 children are being provided free education at our school in Ethiopia. This reduces the chance of child trafficking by an estimated 50% and has opened the door to the gospel in this village of 12,000 people that was once totally Unreached. Now over 10% are following Jesus!

UGANDA PRE-SCHOOL COMMUNITY PROJECT

In our endeavor to support early education within the Mening and Karamojong community, we initiated the Pre-School Community Project. Our primary goal was to provide essential learning and teaching materials such as chalk, dusters, pencils, writing books etc. Through this initiative, we positively impacted over 150 children, equipping them with the tools they need to thrive in their educational journey.

Beyond the provision of materials, our project also served as a platform for sharing the gospel. During our outreach efforts, we had the privilege of reaching out to 60 Mening and 41 Karamojong individuals within the community. Among them, 19 Mening people and 11 Karamojong people accepted Christ. **Patrick Ijaka**

Our Kindergarten school works in partnership with our mission work. Teachers, Church Planters, families are all actively involved, leading to positive changes in children’s lives. More children attend school, and there has been a decrease in child abductions and dropout rates. Students’ academic performance excels compared to other rural areas. The community is pleased with the school since we provide meals once per school period, boosting the kids’ performance. Seeing the impact, the community wants us to expand and is even offering to give us land for a new school. Most importantly, it opens doors for us to deliver our message to the community as we move from place to place. **NCM Horn of Africa Director Garedeew Assefa**

CLEAN WATER PROJECTS

ZAMBIA CLEAN WATER PROJECT

Our borehole project in Muzinantu, Mpulungu, Zambia, will soon provide clean water to over 7,000 households in an area home to a diverse mix of tribes. Currently, these households rely on a single water source—a stream. This initiative is especially vital as the Islamic community in Zambia is actively investing to turn Mpulungu into an Islamic district by 2030. The introduction of this borehole is anticipated to bring immense joy to the villagers, offering access to clean water and addressing a critical need.

Beyond providing water, this project presents an opportunity to share the teachings of Jesus with the community. Like the story of Jesus meeting the Samaritan woman at a well, it symbolizes a crucial step in our efforts to bring joy and hope to the people of Mpulungu. **NCM NC Richard Kakuwa**

SWAHILI, ZAMBIA CLEAN WATER PROJECT

The borehole *sunk* by NCM is a great gift to the people of Mupapa and Muzabwera. Thankfully, after testing the pump, the much-awaited water has started flowing! *“Our community is huge, with over 6,000 families tightly linked together. The only source of water was a small stream which dried up during the hot and dry season says Martha Simfukwe, Joseph Mutale and Gertrude Nachinsambwe. This gift of water is from God and is a symbol of God’s love for our community. We can just imagine the joy that will come upon the faces of the villagers. We are very grateful to NCM for this perfect gift.”* **NCM Field Staff Daniel**

CONGO BRAZZAVILLE CLEAN WATER PROJECT

We have a new Water Project featuring two boreholes—one in ELOGO and another in BAMEGOAR—areas where the Hausa community resides alongside other indigenous groups. As we make progress on this project, we’ve also begun sharing the gospel, laying the foundation for a potentially greater impact once it’s completed. **NCM Field Staff Jean Baptiste Bongo**

BRIKAMANDING, GAMBIA CLEAN WATER PROJECT

Our newly launched borehole project in Brikamanding, in the Gambia, holds the promise of benefiting 150 individuals from 40 diverse ethnicities, including Muslims, Catholics, and Animists. The full extent of this impact can only be determined upon project completion. Nonetheless, the sponsorship of the borehole by NCM has already sparked tremendous excitement in the community, fueling optimism about the positive changes it will bring. **Pastor Modou Camara**

MASWANKA, GAMBIA CLEAN WATER PROJECT

The Maswanka group in Giboroh is really thankful to the NCM ministry for coming to their aid by providing them with a water borehole. This borehole isn't just good for Manswanka, but for the entire community. People use the water for drinking, bathing, cooking, and gardening. It's a big blessing and is saving lives in Giboroh. Because of this project, a church has started in Giboroh to praise God. **NCM Field Staff Joseph**

"Initially, only a few Maswankas attended our gatherings. However, since the implementation of the borehole project, the attendance at our Sunday church services has significantly increased. Thanks to the progress of our work among the Maswankas, three elders and three youth have expressed a desire to be baptized."

BAINOUK, GAMBIA CLEAN WATER PROJECT

The borehole project in Kamamudu has been a tremendous blessing to the community. Approximately eight compounds surrounding the borehole are benefiting from it. Three pump heads are connected to facilitate water distribution. Prior to the borehole's installation, people had to travel long distances to fetch water. This water project has not only eased the burden of water collection but has also paved the way to engage with Muslim compounds, allowing us to share the word of God. It has played a crucial role in fostering relationships within the community. **NCM Field Staff Emmanuel**

GARRE, ETHIOPIA WATER POND PROJECT

The Water Pond project in the Garre community has benefitted 20,000 individuals and their livestock, easing water scarcity-related diseases during droughts and enhancing food security, particularly through cattle production. It has also enabled mission work, as the community has granted permission for the establishment of a church, kindergarten, and camel clinic. Despite facing challenges such as opposition to the Gospel and limited government support, the project has positively influenced attitudes towards Jesus and the Gospel. As a result of this initiative, 1093 Garre people have been introduced to the good news, with five individuals embracing Jesus for the first time. The construction of a new dam has opened up the opportunity to build a church in the Garre Somali region, representing a significant milestone. **Horn of Africa Regional Director Garedew Assefa**

IVORY COAST CLEAN WATER PROJECT

Our clean water project in the remote village of Okabo, Mankono, Ivory Coast, has positively impacted 1,700 people, including animists and Muslims who had the opportunity to hear the gospel. Thirty-five Baule and seven Senufo individuals found salvation through this initiative.

The project has provided the purest water in the region, eliminating dirty water diseases and improving the health of children. We're deeply thankful to God and our generous donors for making this project possible in our remote village.

HEALTH CENTERS

GUINEA REPUBLIC HEALTH CENTER

On April 23rd, I visited a community health center in Guinea Conakry supported by NCM. The center is expected to serve approximately 5000 Fulani people, with about 3000 already exposed to the gospel due to its construction. During my three-week stay, we made significant progress in completing the center, demonstrating efficient project management. I was invited to address a large gathering at the mosque after Friday prayers, openly sharing the gospel as a Christian pastor representing our organization. The audience showed enthusiasm and interest in learning more about Jesus. Before my departure, religious leaders and elders prayed for me at the construction site, expressing gratitude for our efforts. We have some tasks left, like painting and getting furniture. We'll finish them after the rainy season, and then we'll open the center. I've recommended involving our Sahel RD in future delegations, anticipating the emergence of a church once the health center begins operating. **NCM Field Staff Modou**

WDRC NDUNGA HEALTH CENTER

In response to the urgent need for medical care in the Ndunga community, we initiated the construction of a health center. With the community's generous contribution of wood, we aimed to provide essential services. Through this project, 78 individuals from Ndunga, 62 from Ngombe, 35 from Mbundja, and 26 from Lokele were exposed to the gospel message. Notably, 41 individuals experienced salvation for the first time. **NCM NC Leon Daniel Dede**

NGONDI CONGO REPUBLIC HEALTH CENTER

The Ngandikolo Medical Center in Congo Brazzaville was established to assist the Ngondi people. Our main challenges are high construction material costs and finding a permanent nurse. Currently, we are conducting a malaria screening campaign and offering consultations and screenings for diabetes and common illnesses in partnership with Ouesso base hospital until we can secure a permanent nurse.

Despite transportation costs, this has reached over 173 people, with 74 hearing the gospel for the first time and 22 accepting Christ. **NCM Field Staff Bongo Jean Baptiste**

EDRC SERE MEDICAL STRUCTURE

The medical facility construction among the Sere community in the Ango region, is making good progress. People are actively making bricks for its walls, aiming to finish by the end of 2023.

Despite a recent conflict between rebels and the national military resulting in burnt houses, our field operations remained unharmed, thanks to God's protection. We're planning to visit for the official launch and to supervise Church Planting works before the year ends, but we ask for prayers for our safety. However, delays in receiving medicines and equipment persist due to the ongoing war and difficult road conditions.

EDRC NADIKALA MEDICAL STRUCTURE

Our Nadikala medical project is progressing well, bringing hope and excitement to the community about the new hospital. During the launch, over 300 individuals received free treatment, with five accepting Jesus. In the second phase, 589 people, mainly from Zande and Bugulu groups, received assistance, and 12 found faith in Christ. Our nurse is effectively treating patients and sharing the Gospel. However, maintaining the church alongside the medical duties has become challenging since the Church Planter's departure. We're praying for additional missionaries.

Our partnership with NCM remains strong, combining medical care with preaching for physical and spiritual healing. Fewer people are falling ill, and they are turning away from traditional healing methods to put their trust in Jesus. Accessing the hospital has become easier, and the overall area is improving. Monthly visits from a doctor are planned to oversee progress, requiring a budget of \$100 per month. We're grateful for NCM's support in equipment, medicines, and supplies.

NCM NC Samuel Murusi

PARTNERSHIPS MAKE IT POSSIBLE

Reach The Rest has been developing an approach that offers people in the hardest to reach regions of the world an opportunity to hear and receive the Gospel!

COTW (Coalition of the Willing) is a coordinated effort of willing ministries who share strategic data on Christian and church presence, with the purpose of planting a church in every people group and every place.

We have deployed nearly 100 portable solar backpacks to the field!

NCM JESUS FILM ANNUAL STATISTICS

2023

SHOWINGS: 1,746
ATTENDANCE: 96,474
SALVATIONS: 6,915

We are proud to be a part of Finishing the Task. Their research has mobilized us to engage 45+ people groups that formerly had no Gospel witness and few of any believers among them.

Mission Aviation Fellowship enables our teams to reach locations inaccessible by roads.

Nearly all our leaders are certified trainers of the Dynamic Church Planting International training program.

In partnership with HOA we are planting churches among 16 Unreached people groups in the South Omo of Ethiopia. These churches are multiplying to the 7th generation with 423 self sustained churches since we began.

Activate Global's mission is to fulfill the great commission by providing sustainable businesses to local disciple makers among Unreached People Groups.

*In partnership with **New Covenant International University** our School of Missions in Accra, Ghana now provides accredited degrees to its seminary students.*

World Missionary Press, inc. is an interdenominational faith ministry producing 48 page topical scripture booklets and bible studies in more than 350 languages!

Global Alliance for Church Multiplication connects us in partnership with ministries like ours so we can go further together.

FINANCIAL SNAPSHOT 2023

TOTAL INCOME:
\$2,294,329.94

OUR END GOAL

*After this I looked, and behold, a great multitude that no one could number, from every nation, from all tribes and peoples and languages, standing before the throne and before the Lamb, clothed in white robes, with palm branches in their hands, and crying out with a loud voice, “**Salvation belongs to our God who sits on the throne, and to the Lamb!**”*

Revelation 7:9-10
